TABLE OF CONTENTS—VOLUME 51

Acevedo-Rodríguez, Pedro. West Indian novelties I: a new species of *Marsdenia* (Asclepiadaceae) from Puerto Rico and a new name for a Jamaican species of *Calyptranthes* (Myrtaceae). 166

Almeda, Frank. A new *Acisanthera* (Melastomataceae: Melastomeae) from Noel Kempff Mercado National Park, Bolivia. 159

Barneby, Rupert C. Increments to genus *Chamaecrista* (Caesalpiniaceae: Cassiinae) from Bolivia and from Atlantic and Planaltine Brazil. 331

Bayer, Clemens and Laurence J. Dorr. A synopsis of the neotropical genus *Pentaplaris,* with remarks on its systematic position within core Malvales. 134

Bednarek-Ochyra, Halina, Ryszard Ochyra, and William R. Buck. The genus *Racomitrium* (Grimmiaceae) in Brazil, with the first report of *R. subsecundum* in South America. 93

Benítez de Rojas, Carmen and Neil W. Sawyer. A new species of *Cestrum* (Solanaceae) from the Cordillera Mérida, Venezuela. 163

Berg, C. C., A new species of *Ficus* (Moraceae) from Bolivia and Peru. 395

Berry, Paul E. A synopsis of the family Lissocarpaceae. 214

Boom, Brian M., see Delprete, Piero G.

Buck, William R., see Zanoni, Thomas A.; see Bednarek-Ochyra, Halina

Burnham, Robyn J., see Mirle, Chetana

Bussard, Lisa, see Essig, Frederick B.

Cavalcanti, Taciana B., see Graham, Shirley A.

Chatrou, Lars W. and Ping He. Studies in Annonaceae XXXIII. A revision of *Fusaea* (Baill.) Saff. 181

Chota I., Jomber, see Ricker, Martin

Czygan, Franz-C., see Ricker, Martin

Daly, Douglas C., see Ricker, Martin

Daniel, Thomas F. Taxonomic notes on Mexican *Ruellia* (Acanthaceae). 124

Delprete, Piero G. *Riodocea* (Rubiaceae, Gardenieae), a new genus from the Brazilian Atlantic forest. 15

———. The Cuban endemic genera *Ariadne, Mazaea, Acunaeanthus, Phyllomelia* (Rondeletieae), and *Eosanthe* (Rubiaceae). 217

——— and Brian M. Boom. *Coussarea granvillei* (Rubiaceae, Coussareeae), a new species from French Guiana. 403

de, Nevers, Greg, and Andrew Henderson. A new *Bactris* (Palmae) from Central America. 77

Dickinson, T. A., see Vander Kloet, S. P.

Dorado, Oscar. *Brongniartia riesebergii* (Fabaceae: Faboideae): a new species from the state of Durango, Mexico. 398

Dorr, Laurence J., see Bayer, Clemens

Egger, Mark and Robert J. Meinke. *Castilleja chambersii* (Scrophulariaceae), a new rare species from the northern Coast Range of Oregon. 445

Esser, Hans-Joachim. *Rhodothyrsus,* a new genus of Euphorbiaceae from tropical South America. 170

Essig, Frederick B., Timothy J. Manka, and Lisa Bussard. A systematic histological study of palm fruits. III. Subtribe Iguanurinae (Arecaceae). 307

Flagg, Raymond O. and Gerald L. Smith. Walter Samuel Flory Jr. [obituary]. 210

Fletcher, Reggie A., see Wagner, Warren L.

Förther, H., see Weigend, M.

Gonzalez, Favio and Odile Poncy. A new species of *Aristolochia* (Aristolochiaceae) from Thailand. 452

Gould, Katherine R. Three new species of *Spigelia* (Strychnaceae) from Mexico. 407
Graham, Shirley A. and Taciana B. Cavalcanti. The yellow-flowered species of *Cuphea* (Lythraceae), including three new taxa. 24
——— and ———. A new yellow-flowered species of *Cuphea* (Lythraceae) from Bolivia. 303
Henderson, Andrew, also see de Nevers, Greg
———. A phylogenetic analysis of the Euterpeinae (Palmae; Arecoideae; Areceae) based on morphology and anatomy. 106
Hill, K. D., see also Yang, S.-L.
——— and S.-L. Yang. The genus *Cycas* (Cycadaceae) in Thailand. 48
Kinghorn, A. Douglas, see Ricker, Martin
Lira, Rafael, and Michael Nee. A new species of *Sechium* sect. *Frantzia* (Cucurbitaceae, Sicyeae, Sicyinae) from Mexico. 204
Luteyn, James L. and D. Stella Sylva S. "Murrí" (Antioquia Department, Colombia): hotspot for neotropical blueberries (Ericaceae: Vaccinieae). 280
Manka, Timothy J., see Essig, Frederick B.
Mansano, Vidal de F. and Ana M. G. de A. Tozzi. The taxonomy of some Swartzieae (Leguminosae, subfam. Papilionoideae) from southeastern Brazil. 149
Marcondes-Ferreira, W. A new species of *Aspidosperma* Mart. (Apocynaceae) from Bahia, Brazil. 74
Meerow, Alan W., A. Fernando C. Tombolato, and Frederick Meyer. Two new species of *Alstroemeria* L. (Alstroemeriaceae) from Brazil. 439
Meinke, Robert J., see Egger, Mark
Meyer, Frederick, see Meerow, Alan W.
Mione, Thomas. *Jaltomata* II: new combinations for five South American species (Solanaceae). 31
Mirle, Chetana and Robyn J. Burnham. Identification of asymmetrically winged samaras from the Western Hemisphere. 1
Moran, Robbin C., see Pacheco, Leticia
Nee, Michael, see Lira, Rafael
Ochyra, Ryszard, see Bednarek-Ochyra, Halina
Pacheco, Leticia and Robbin C. Moran. Monograph of the neotropical species of *Callipteris* with anastomosing veins (Woodsiaceae). 343
Panero, José L. and José L. Villaseñor. New Asteraceae from Mexico and Bolivia. 87
Ping He, see Chatrou, Lars W.
Pipoly, John J., III. Two new species of Myrsinaceae from French Guiana. 128
Poncy, Odile, see Gonzalez, Favio
Pruski, John F. *Gurania lobata* (Cucurbitaceae), a new combination for an overlooked Linnean name. 326
Ricker, Martin, Douglas C. Daly, Gerhard Veen, Eugene F. Robbins, Miguel Sinta V., Jomber Chota I., Franz-C. Czygan, and A. Douglas Kinghorn.Distribution of quinolizidine alkaloid types in nine *Ormosia* species (Leguminosae–Papilionoideae). 34
Robbins, Eugene F., see Ricker, Martin
Sawyer, Neil W., see Benítez de Rojas, Carmen
Shannon, Robynn K., see Wagner, Warren L.
Sinta V., Miguel, see Ricker, Martin
Smith, Gerald L., see Flagg, Raymond O.
Sylva S., D. Stella, see Luteyn, James L.
Tang, W., see Yang, S.-L.
Todzia, Carol A. Ten new species of *Tibouchina* (Melastomataceae) from Mexico. 255
Tombolato, A. Fernando C., see Meerow, Alan W.
Tozzi, Ana M. G. de A., see Mansano, Vidal de F.
Vatcharakorn, P., see Yang, S.-L.

Vander Kloet, S. P. and T. A. Dickinson. The taxonomy of *Vaccinium* section *Myrtillus* (Ericaceae). 231
Veen, Gerhard, see Ricker, Martin
Villaseñor, José L., see Panero, José L.
Wagner, Warren L., Reggie A. Fletcher, and Robynn K. Shannon. Another look at *Hymenoxys* subgenus *Plummera* (Asteraceae: Heliantheae: Gaillardiinae) from Arizona and New Mexico. 79
——— and Robynn K. Shannon. Angiosperm types from the Hawaiian collections of A. A. Heller. 422
Weigend, M. and H. Förther. Two new species of *Sisymbrium* (Brassicaceae) from coastal Peru. 119
Yang, S.-L., see also Hill, K. D.
———, W. Tang, K. D. Hill, and P. Vatcharakorn. *Cycas pranburiensis* (Cycadaceae), a new cycad from Thailand. 44
Zanoni, Thomas A. and William R. Buck. Navassa Island and its flora. 2. Checklist of the vascular plants. 389
Zech, James C. Flavonoid distribution of *Mulinum* (Apiaceae, Hydrocotyloideae, Mulineae). 415
